The following tasks are added to the Statement Of Work.

1. Provide two office trailers with full support services as determined by the OSC.
2. Provide a work plan that outlines all activities to be performed on site.
3. Provide all necessary personnel, materials and equipment to conduct the removal action.
4. Set up decon and work zones on the site.
5. Stage and stabilize all containers on site and all containers must be packaged according to TSDF specs.
6. Provide a minimum of 3 bids for all necessary subcontracting services for the site.
7. Provide for transportation and disposal of all hazardous substances on site to RCRA/CERCLA approved TSDFs.
8. Provide sampling and on site compatibility testing in order to develop disposal analysis (DA) groups and composite samples from each DA group.
9. Provide off-site disposal analysis testing and waste profiles, as required by the OSC.
10. Provide housekeeping services and restore site to original condition upon completion of removal.
11. All work to be conducted on site must adhere to all applicable EPA, DOT, OSHA and/or RCRA regulations or policies, as well as any other relevant state or local statutes as applicable.
12. All draft 1900-55s must be provided to the OSC by 10AM the day after work has been completed.
